Fighting tuberculosis: Why other states should follow Telangana and Andhra **[THE BUSINESS STANDARD]**

January 21th, 2019

In May 2016, 14-year-old Yesu from Vijayawada city was diagnosed with tuberculosis (TB). The diagnosis came about thanks to the 'Little Doctors' Club' in his school, which is among 139 such health clubs being run in Andhra Pradesh and Telangana by World Vision India, a non-profit organisation, in collaboration with the respective State TB offices.
